

BEFORE THE PUBLIC UTILITIES COMMISSION OF NEVADA

Application of Southwest Gas Corporation for authority)
to increase its retail natural gas utility service rates for) Docket No. 26-03021
Southern and Northern Nevada.)

AMENDED NOTICE OF CONSUMER SESSION

On March 18, 2026, Southwest Gas Corporation (“Southwest Gas”) filed with the Public Utilities Commission of Nevada (“Commission”) an application, designated as Docket No. 26-03021, for authority to increase its retail natural gas utility service rates for Southern and Northern Nevada.

Southwest Gas filed the application pursuant to the Nevada Revised Statutes (“NRS”) and the Nevada Administrative Code (“NAC”), Chapters 703 and 704, including, but not limited to, NRS 704.110, NRS 704.992, and NAC 704.9716(5). Pursuant to NRS 703.190 and NAC 703.527 *et seq.*, Southwest Gas requests that certain material in the application receive confidential treatment.

Southwest Gas states that the application includes proposals it believes are necessary for the provision of safe and reliable service at reasonable rates and requests authorization to increase general rates to recover an annual revenue deficiency of approximately \$66.3 million, or approximately 12.42 percent, in Southern Nevada, and \$5 million, or approximately 3.94 percent, in Northern Nevada, based on a requested return on equity (“ROE”) of 10.00 percent.

Included in the request for general rate increase are the revenue requirement associated with an expected change in circumstances and the revenue requirement associated with the Mesquite Expansion Project that was previously approved by the Commission. Southwest Gas also seeks a determination of prudence for the costs associated with the Mesquite Expansion Project.

In addition to the request for authority to increase its retail natural gas rates, Southwest Gas requests authority, pursuant to NAC 704.9716, to continue the general revenues decoupling methodology in the form of the General Revenues Adjustment provision approved in Docket Nos. 09-04003, 12-04005, 18-05031, 20-02023, 21-09001, and 23-09012.

The table below summarizes Southwest Gas's proposed average increases in rates:

Customer Class	Southern Nevada	Northern Nevada
Single-Family Residential	\$7.11	\$6.05
Multi-Family Residential	\$5.58	\$3.56
General Gas Service - 1	\$18.69	\$8.29
General Gas Service - 2	\$62.77	\$23.06
General Gas Service - 3	\$294.72	\$20.02
General Gas Service - 4	\$2,266.61	\$512.40

Southwest Gas is proposing to maintain the currently effective residential rate structure, a monthly basic service charge ("BSC") and a per therm usage charge, with no changes in the BSC amounts.
